

INDEX

of Volumes 1 and 2 of the BULLETIN.

A

- Abstracts, 1:32 (July); 1:24 (Oct.); 2:81 (Jan.); 2:177 (Apr.); 2:262 (July); 2:372 (Oct.)
- Anatomy, appreciation of relationships in, 1:32 (July).
- of the living, 1:29 (Oct).
- place of in medicine, 2:81 (Jan.)
- teaching of, 2:85 (Jan.)
- use of roentgen rays in study of, 2:181 (Apr.)
- Anesthesia, teaching in medical schools, 2:263 (July).
- Applicants, disposition of, for admission to schools of medicine for 1926-1927 (B. D. Myers), 2:97 (Apr.)
- Assistants, student, in medical courses (Mathews), 2:224 (July).
- Association, advisory function of, 1:25 (July).

B

- Bacteriologist, problems of, in his relation to medicine and public health (Zinsser) 2:227 (July).
- Bacteriology, a cultural subject, 2:189 (Apr.)
- examinations, short answer type of questions in, 2:188 (Apr.)
- teaching, in colleges of liberal arts, 2:188 (Apr.)
- teaching of, 2:87 (Jan.)
- Barker, F. D.: Determining the fitness of the premedical student, 2:16 (Jan.)
- Belgium, postgraduate medical instruction in, 2:376 (Oct.)
- Berglund, Hilding: Studying medicine in Sweden—a comparison with our American system, 2:292 (Oct.)
- Biology, importance of human, 2:378 (Oct.)
- Books, new, 2:380 (Oct.)
- Botany in premedical course in Switzerland, 2:374 (Oct.)
- Buenos Aires, university disturbances in, 2:376 (Oct.)
- Bulletin, the 1:19 (July).
- Burr, H. S.: The neurological study unit in the Yale University School of Medicine, 1:9 (July).

C

- Cabot, Hugh: The premedical course, 1:1 (July).
- a plea for the further extension of clinical opportunity into earlier years of the medical course, 2:105 (Apr.)
- Capen, S. P.: Premedical education, 1:4 (July).
- Clerkships, clinical, in medicine, 2:91 (Jan.)
- clinical, in medicine (J. W. Moore) 2:136 (Apr.)
- Clinics, clinical teaching at Stanford University (E. Holman) 1:2 (Oct.)
- plea for further extension of clinical opportunity into earlier years of the medical course (H. Cabot) 2:105 (Apr.)
- Community and the medical school, 1:23 (Oct.)
- Commission on medical education report, 2:244 (July).
- Conferences, teaching by and for (J. B. Miner), 2:129 (Apr.)
- Correlation between laboratory and clinical subjects, 2:83 (Jan.)
- Cost of medical education (F. C. Zapffe), 2:48 (Jan.)

- Course, premedical, the (Cabot, H.), 1:1 (July).
- Courses, baccalaureate, combined (S. Graves), 2:52 (Jan.)
- revising medical, 1:24 (Oct.)
- Curriculum, combined collegiate and medical, 1:25 (July).
- important changes in, at University of Nebraska, 2:345 (Oct.)
- in tropical medicine, 2:93 (Jan.)
- medical, 1:24 (July).
- medical, 2:282 (July).
- medical, altering the, 2:264 (July).
- medical, and medical practice, 2:373 (Oct.)
- medical, changes in, 1:28 (Oct.)
- new, at Long Island College Hospital, 2:348 (Oct.)
- new, of Johns Hopkins University School of Medicine, 2:341 (Oct.)
- proposed new (Zapffe), 2:322 (Oct.)
- Curtis, A. C.: The woman as a student in medicine, 2:140 (Apr.)

D

- Darrach, Wm.: Time of appointment of interns, 2:68 (Jan.)
- Davis, D. J.: The program of the University of Illinois College of Medicine, 1:11 (July).
- Denmark, medical education in, 2:377 (Oct.)
- Dickson, E. C.: Teaching of public health and preventive medicine, 1:1 (Oct.)
- Diploma mills, 1:38 (July).
- Doctor, best education for, 1:25 (Oct.)
- making of a, 2:184 (Apr.)
- Dodson, John M.: Periodic health examinations, 2:124 (Apr.)
- Duke foundation, 2:274 (July).

E

- Economics, medical, teaching of (A. T. Lytle) 2:115 (Apr.)
- Editorials, 1:19 (July); 1:19 (Oct.); 2:69 (Jan.); 2:164 (Apr.); 2:243 (July); 2:350 (Oct.)
- Education, best, for doctor, 1:25 (Oct.)
- medical, again, 1:29 (Oct.)
- medical, and its product, 2:177 (Apr.)
- medical, and procedure, some aspects of (C. F. Martin), 2:152 (Apr.)
- medical, applying motion pictures in, 2:378 (Oct.)
- medical, comments on present day, 1:32 (July).
- medical, cost of (F. C. Zapffe), 2:48 (Jan.)
- medical, experiments in, 1:25 (July).
- medical, graduate plan in (Winternitz) 2:208 (July).
- medical, in Denmark, 2:377 (Oct.)
- medical, in the United States, 1:23 (Oct.)
- medical, in the United States in 1926-1927, 2:351 (Oct.)
- medical, modern educational methods and their relation to (Ryerson, E. S.) 1:16 (July).
- medical, preparation and practice in, 1:38 (July).
- medical, pre-war, in Austria (Schulhof), 2:305 (Oct.)
- medical, religious fanaticism threatens, 2:167 (Apr.)
- national cooperation in, 1:33 (July).
- premedical (Capen, S. P.) 1:4 (July).
- undergraduate, in health examinations, 1:21 (July).

INDEX

of Volumes 1 and 2 of the BULLETIN.

A

- Abstracts, 1:32 (July); 1:24 (Oct.); 2:81 (Jan.); 2:177 (Apr.); 2:262 (July); 2:372 (Oct.)
- Anatomy, appreciation of relationships in, 1:32 (July).

- medical, pre-war, in Austria (Schulhof), 2:305 (Oct.)
- medical, religious fanaticism threatens, 2:167 (Apr.)
- national cooperation in, 1:33 (July).
- premedical (Capen, S. P.) 1:4 (July).
- undergraduate, in health examinations, 1:21 (July).

Emerson, C. P.: The historical method of teaching clinical medicine, 2:193 (July).
 Ethics, medical, 2:273 (July).
 Examinations, health, undergraduate education in, 1:21 (July).
 licensing, by State Boards, results during 1926, 2:353 (Oct.)
 new type of, 2:95 (Jan.)
 periodic health, among medical students (Heck), 2:296 (Oct.)
 short answer type of questions in bacteriology, 2:188 (Apr.)

F

Fanaticism, religious, threatens medical education, 2:167 (Apr.)
 Fractures, teaching on, 2:81 (Jan.)

G

Graduate plan in medical education (Winternitz), 2:208 (July).
 training in internal medicine, 2:375 (Oct.)
 Graves, Stuart: Combined baccalaureate courses, 2:52 (Jan.)
 Gastro-Enterology, teaching of, in medical schools, 1:20 (Oct.)

H

Hartman, F. A.: The teaching of physiology in the medical school, 1:17 (Oct.)
 Haythorn, S. R. and Mabon, Thos. McC.: The "key course" in a cooperative plan of teaching preventive medicine, 1:5 (Oct.)
 Health, examinations, periodic (J. M. Dodson), 2:124 (Apr.)
 Heck, Edson B.: Periodic health examinations among medical students, 2:296 (Oct.)
 Holman, Emile.: Clinical teaching at Stanford University, 1:3 (Oct.)
 Hospital, function of, in medical education, 2:270 (July).
 staff, duty of to intern, 2:267 (July).
 teaching, 2:248 (July); 2:281 (July).

I

Illinois University College of Medicine, program of (Davis, D. J.) 1:11 (July).
 Inspection of member colleges, 2:244 (July).
 Interns, appointment, time of (W. Darrach), 2:68 (Jan.)
 senior students as (Oppenheimer), 2:203 (July).

J

Johns Hopkins University School of Medicine, new curriculum, 2:341 (Oct.)

K

Karpman, Ben: The student vs. the faculty; a psychiatric appreciation, 2:61 (Jan.)
 Karsner, H. T.: Use of pathological museum in teaching medicine and surgery, 2:218 (July).

 Mortality, maternal and infant, teaching service lowers, 2:178 (Apr.)
 Motion pictures, applying to medical education, 2:378 (Oct.)
 use of in teaching, 2:272 (July).
 Museum, pathological, use of in teaching medicine and surgery (Karsner), 2:218 (July).
 Myers, B. D.: Disposition of applicants for admission to schools of medicine for 1926-1927, 2:97 (April).

N

Nebraska, University, important changes in curriculum, 2:345 (Oct.)
 Neurology study unit in Yale medical school (Burr, H. S.), 1:9 (July).
 News, 1:27 (July); 1:30 (Oct.); 2:76 (Jan.); 2:168 (Apr.); 2:250 (July); 2:355 (Oct.)
 Notebook, use of, 2:183 (Apr.)

O

Obstetrics, teaching, in Stanford University School of Medicine (A. B. Spalding), 2:149 (Apr.)
 Oppenheimer, R. H.: Senior students as interns, 2:203 (July).
 Out-Call service for senior medical students (J. J. Keegan), 1:11 (Oct.)
 Outpatient clinic and problem of instruction in clinical medicine (Shambaugh), 2:236 (July).

P

- Pathology and medicine, 2:179 (Apr.)
teaching of, 2:86 (Jan.)
Patient, care of, 2:280 (July).
Pediatrics, place of in undergraduate teaching
(Mitchell), 2:241 (July).
Pharmacology, teaching of, 2:87 (Jan.)
Philosophy and medicine, 2:183 (Apr.)
Physicians, distribution of in relationship to
population, 2:181 (Apr.)
in Michigan, 2:182 (Apr.)
Physiology, an experiment in teaching (Red-
field), 2:214 (July).
roentgen ray in study of, 2:288 (July).
teaching of, 2:85 (Jan.)
teaching of, in the medical school (F. A.
Hartman), 1:17 (Oct.)
Population, distribution of, in relation to, 2:181
(Apr.)
in Michigan, 2:182 (Apr.)
Postgraduate medical instruction in Belgium,
2:376 (Oct.)
Practice, medical, and medical curriculum,
2:373 (Oct.)
medical, present tendencies in (H. G. Weis-
kotten), 2:29 (Jan.)
Practitioner, general, medical education for,
2:284 (July).
taking medical education to, 2:286 (July).
Preceptor system, experiment with (Kerr),
2:289 (Oct.)
Program, medical, and its reactions, 1:37 (July).
Public health and preventive medicine, teach-
ing of (E. C. Dickson), 1:1 (Oct.)
work, training for, 2:189 (Apr.)

R

- Redfield, A. C.: An experiment in teaching
physiology, 2:214 (July).
Refraction, university courses in, and physi-
ological optics outside of medical schools,
1:21 (Oct.)
Requirements, admission, of Class A medical
schools, summary, 2:333 (Oct.)
entrance, minimum, 1:22 (July).
premedical, 1:32 (July).
Research by medical students, 2:83 (Jan.)
in medical schools, 2:283 (July).
medical, 2:186 (Apr.)
Roentgenology, teaching to undergraduates
2:288 (July).
undergraduate instruction in, 2:375 (Oct.)
use of in teaching anatomy, 2:288 (July).
Roentgen-ray in study of physiology, 2:288
(July).
use of in study of anatomy, 2:181 (Apr.)
Ryerson, E. S.: Modern educational methods
and their relation to medical education,
1:16 (July).

S

- Salvage, 2:166 (Apr.)
Scholarship, relation of collegiate to medical
student (J. Wycoff), 2:1 (Jan.)
School, medical, and the community, 1:23 (Oct.)
medical, organization of university, 1:34
(July).
medical, problems, 1:37 (July).
Schulhof, Kamil: Pre-war medical education in
Austria, 2:305 (Oct.)

- Shambaugh, G. E.: The outpatient clinic and
the problem of instruction in clinical medi-
cine, 2:236 (July).
Spalding, A. B.: Teaching of obstetrics in
Stanford University School of Medicine,
2:149 (Apr.)
Specialism in medicine, 2:164, 185 (Apr.)
present tendencies in medical practice (H. G.
Weiskotten), 2:29 (Jan.)
Specialties and undergraduate, 1:25 (Oct.)
Standardization, 2:93 (Jan.)
rigid, 1:32 (July).
Student, premedical, determining fitness of (F.
D. Barker), 2:16 (Jan.)
vs. faculty (B. Karpman), 2:61 (Jan.)
Students, medical, excess of in France, 2:271
(July).
medical, teaching the normal body, 2:276
(July).
senior, as interns (Oppenheimer), 2:203
(July).
Surgery and medicine, use of pathological mu-
seum in teaching (Karsner), 2:218 (July).
teaching of, 2:89 (Jan.)
Sweden, studying medicine in; a comparison
with our American system (Berglund),
2:292 (Oct.)

T

- Teaching, extramural, in Wisconsin, 2:190
(Apr.)
personnel, study of, 2:350 (Oct.)
medical, an experiment in, 1:26 (July).
service lowers maternal and infant mortality,
2:178 (Apr.)
Therapeutics, in behalf of (E. W. Koch), 1:15
(Oct.)
Tracy, Martha: Women graduates in medicine,
2:16 (Jan.)
Tuition at University of Pennsylvania, 1:40
(July).

U

- Undergraduate and the specialties, 1:25 (Oct.)
University, function of in medicine, 1:36 (July).
